

# L60ITP TECHNICAL DATA SHEET (airspray road marking machine)

Dimensions: 200x85x h120 cm; Weight: 240 Kg

Photo doesn't show standard machine.

## Gasoline engine:

- power 9,5 HP
- electric starting

## Hydraulic drive with:

- 2 motors directly coupled on rear wheels
- control for forward, **reverse** and neutral gear
- VARIABLE-FLOW PUMP**: guarantees more **safety** for operator and better **performance**. Allows to overcome steep slopes

**Swivel front wheel.** It can be locked or unlocked during the work by a pneumatic control on dashboard

## Pressurized paint tank:

- capacity 60 l or 40 l
- with manual stirrer and cover totally removable for easier and quicker cleaning

**Solvent tank** for flushing of gun and paint hose

## Compressor:

- flow air rate 515 l/min

**Automatic paint gun** with line limiter (shroud), mounted on fixed support with gun height adjustable. (*Fixed support can be replaced with pneumatic support or with marking discs. Look at optional*). Standard nozzle for 10-20 cm line

## MAX. LINE WIDTH: 30 cm

(achievable only with proper optional equipment)

**SPRAYABLE PRODUCTS:** refractive paints, not refractive paints, special paints with antiskid

*Machine is equipped with all safety devices according to EU requirements.*

*Machine conforms to:*

- *EU Directive 2006/42/EC on Machinery*
- *EU Directive 14/68/EU for Pressure Equipment (PED directive)*

## OPTIONAL EQUIPMENT:

- **Light**, for night works

- **Turning light**, for a better visibility of operator on the street. (SUGGESTED OPTIONAL)

### Electronic spacing device C8000:

- 8 programs storable
- control: upto 3 guns with only one program
- alarm when speed is outside the range of minimum/maximum speed set
- data recorded for each gun: total solid line metres
- total data recorded for machine: total driven Km

- **Trailer with standing driver** (SUGGESTED OPTIONAL)

- **Trailer with driver seat**

- **Pneumatic support for paint gun (one disc)**, to keep automatic gun always at the same distance from ground, ensuring constant width of the line (SUGGESTED OPTIONAL)

- **Marking discs**, to get a perfect definition of line edges. Useful particularly for concrete surfaces. Available in following widths:

- marking discs for 10-20 cm line
- marking discs for 10-30 cm line

- **Manual paint gun-short with 5 m air hose and 5 m paint hose**, for stenciling (SUGGESTED OPTIONAL)

- **Manual paint gun - long (with extension 40 cm) with 5 m air hose and 5 m paint hose**, for stenciling without bending and standing farther from paint spray

- **Pressurized glass bead system** consisting of:

- glass bead tank. Available capacity: - **pressurized tank capacity 15,5 l**  
- **pressurized conic tank capacity 20 l**  
- **pressurized tank capacity 26 l**
- automatic glass bead gun with adjustable diffuser
- closing delay regulator for bead gun

- **Manual glass bead gun with air hose and bead hose**, for bead application on stenciling.

Attention: it can be used only if striper is equipped with optional pressurized Glass bead system

- **Supplementary pressurized tank for paint**. Available capacities: - **pressurized paint tank capacity 15,5 l**  
- **pressurized paint tank capacity 26 l**.

Lever control for forward and reverse running

Engine shut-off safety device

60 l pressurized paint tank

Supplementary pressurized 15,5 l tank for paint (optional)

Tool box

515 l/min compressor

Adjustable pointer

Swivel front wheel

Manual paint gun with extension 40 cm and 5 m air and paint hoses (optional)

Solvent tank for flushing of gun and paint hose

Fixed support

Automatic paint gun with line limiter (shroud)
